

OUR WINE

*Dear Wine Aficionado,
The marriage of new & old world wines.*

Navigating through our wine list will let you explore our amazing country's backyard & our new friends, young passionate wine makers. They are making the current winemaking landscape exciting, with new expressions & making elegant drops from organic or biodynamically farmed grapes.

Or it will teleport you to historic Italian wineries. Located in the elevated vineyards of Alto Adige, the mild Mediterranean climate of Piemonte, breathtaking landscape of Tuscany, all the way through the sunny and warm regions of Puglia and Calabria. A wine list is just like the wine, it is a living organism. Wines will always come and go. Make sure to try the unique drops while they last. We are big on small producers, and as such, supply is often limited.

Put simply, to you in each of your own way, good wine is good. So please, enjoy whatever expression tickles your fancy, we can help navigate both worlds for you, don't be shy to ask. Both the old & new wines belong in today's culture & we have put together our current picks for you to sit back, sip and enjoy.
